Summit Post Office Theft Suspect Caught

Cash is Found In Seat Of Suspect's Auto At Baxters

Lloyd Sharp, Colfax, employed by the Southern Pacific Company on Donner Summit, is being held in custody as a suspect in the robbery of the Soda Springs post office Monday afternoon.

Sharp was arrested by State Patrolman Lyle Tice at Baxters after Postmaster Arthur Couillard reported his office had been robbed of $130.54. The suspect at first denied any implication in the theft and offered to assist officers in rounding up any suspect, but later, according to Sergeant Harry Xanders of the highway patrol and Constable N. F. Dolley, admitted the theft.

Couillard said he was busy writing out a money order and had the bag of cash nearby when the young man walked into the Soda Springs Store, where the post office is located, and asked to be supplied with gasoline on credit.

Couillard refused the request and went about his business. A moment later he noticed the bag with the cash gone and since Sharp was the only person in the store at the time, a description was broadcast and soon Sharp was nabbed at Baxters.

Returned to the Truckee jail for questioning by Xanders, Tice, Dolley and Patrolman William Gautsche, Sharp emphatically denied the charge.

Later he accompanied the officers to Baxters where a search was made of his car. As the officers started to remove the front seat covers, the suspect declared:

"It's right there," and pointed to the seat cover.

The cash was found but the container, Sharp told the officers, had been discarded.

Yesterday afternoon a representative of the U. S. marshal's office came here and removed Sharp to Sacramento, where he faces possible federal charges.

DEFENSE PICTURE SHOWN AT MEET OF ROTARY CLUB

The Truckee Rotary Club Monday night enjoyed a picture pertaining to national defense being safeguarded by the air force. The film showed features of radar, filter system for spotting planes and following their flight across the nation. It showed the great and dire need for a more complete ground observation system by civilians.

In discussing the needs of the high school's library, John Magnetti donated a subscription to Life magazine. The book is given to the school in the name of the club.

President John Richards announced that Dr. L. F. Conti of Grass Valley will be guest speaker at the November 30 meeting at Donner Lake Lodge. Dr. Conti is a retired veterinarian of the San Diego zoo.

Being a member of the Nevada City Rotary Club, the doctor and Elza Kilroy, president of the club, expects to bring many Rotarians from Grass Valley and Nevada City to the meeting. Jim Sherritt will be program chairman.

FAMILY ARRIVES TO RESIDE HERE

Newcomers to Truckee are Mr. and Mrs. Frank (Sarge) Benting and daughter, Patricia. Benting has retired after 22 years as master sergeant in the Air Force.

The family plans on making their home here and he will be employed by the division of highways. He is a brother of George Benting, who has been employed by the division for the past four years. The newcomers are living in the Ermin Hintz house west of Truckee.

COUPLE MARRIED AT RENO RITES

Miss Donna Miller, daughter of Mr. and Mrs. Glenn A. Miller, became the bride of James Souter on Tuesday evening at a ceremony performed by Rev. Brewster Adams at Reno.

Mrs. Souter chose a pale green ensemble completed with an orchid corsage. She is well known here, where she has been employed by the Southern Pacific Company office.

The benedict is the son of Mr. and Mrs. Ray Souter of Bellflower and a nephew of Clifford and Jack Ellis. He has also been employed here for several months. The newly weds expect to make their home in the southern part of California.

Mr. and Mrs. Jack Ellis, Terry Tollefson and Miss Carol Souter attended the couple at the wedding.

Athletic Group Formation Will Be December 3

Formation of the Truckee Athletic Club, designed to promote all local inter-city competitive sports, is expected to be completed at a meeting to be held at the Tahoe-Truckee High School gymnasium next Thursday evening, December 3rd.

Coincident with the meeting, the Truckee basketball team will engage in a practice session as a forerunner of the approaching season. Prospective players as well as potential members and supporters of the proposed new club are urged to attend.

It is planned to incorporate the organization and operate it with funds derived from memberships, donations and gate receipts at the games.

Al Wakefield and John Rau, who are spark-plugging the club's formation, have announced baseball, basketball, football and skiing will be among the sports proposed. League association will be desirable and the proponents plan to renew membership in the Placer-Nevada League for competitive sports.

Membership in the association will provide participation in games as well as meetings and will entitle the member to enjoy the privileges of the contests.

ARMY ENGINEERS GIVE APPROVAL TO RIVER WORK

U. S. Senator Thomas H. Kuchel Friday was notified by the Army Engineers' rivers and harbors board it has approved a report calling for channel improvements on the Truckee River where it feeds from Lake Tahoe.

Intake gates from the lake would be enlarged to handle 2,500 cubic feet of water per second. Below this point, seven miles of the channel would be deepened and protected against floods.

The project would cost approximately $960,000, of which the federal government would provide about $800,000. Maintenance of the completed project would be a local responsibility, costing some $17,000 annually.

The report now must be reviewed by the State of California government and the U. S. Department of Interior. Then it would go to Congress for authorization and subsequently for appropriation.

By gaining this initial approval, the survey has passed the first of a series of hurdles it must meet before inclusion in an omnibus Rivers and Harbors bill which may be presented to congress next year.

Two overall flood control, power and storage reports have been made for the Truckee River and its tributaries, one by the corps of engineers and the other by the bureau of reclamation. Many of the storage and power recommendations have created opposition in various quarters.

The bureau of reclamation report contains the controversial suggestion that a tunnel be bored from Lake Tahoe to the Washoe Valley.

The very earliest date at which any work suggested in the interim report could be expected to begin would be 1955.

That starting date would depend on passage of the report by the various governmental review agencies, inclusion in an omnibus bill at the next congress and passage of funds for the project by the following congress.

JAY RABLIN OUT OF NAVY SERVICE

"After only 3 years, 11 months and 5 days, I have been released to civilian life again," writes P. Jay Rablin from Roseville.

Rablin, son of Mr. and Mrs. John M. Rablin, enlisted in the Navy from Truckee, where he had been employed since his graduation from high school here. During his tour of duty, Jay was stationed on an aircraft carrier with several stretches in the combat waters off the coast of Korea.

Cub Scout Den No. 2 met at the home of their leader, Mrs. James Walker on Tuesday afternoon. Barry Leamon was elected as song leader of his Den.

Hospital Plan Would Provide Disaster Relief

Emergency Measures Will Be Taken Here For Evacuators

Frank V. Jones, assistant chief of division of medical and health services, office of civil defense met with Administrator John H. Wardman of Tahoe Forest Hospital recently to discuss the functon of the hospital in this area's civil defense program. The important role the Truckee-Tahoe area would play in a national emergency was pointed out.

Being located on Highway 40, Truckee is to be the last screening station for evacuation of the coast areas out of the state on the transcontinental highway.

The state civil defense program is a vast organization of controls to handle this movement of civilians and the medical care plus housing, etc., in the event of attacks against any portion of the state.

It was pointed out the existing program for disaster as set up by the hospital at present to handle major disaster, short of national emergency, would work into planned civil defense programs. Facilities at present can handle approximately 25 emergency casualties with the personnel and supplies on hand. The experience of the past two summers has proved of great value in handling casualties off the highway, ranging from one to 21 persons injured and brought in at any one time.

For the possibility of 50 to 200 casualties as may be brought in from a bus or train accident, it is planned to secure outside help. There are three types of orders for medical and surgical supplies, food and other material, set up with supply houses in Sacramento and San Francisco and east as far as Salt Lake City. In the event of a major disaster, a telephone call or radio message will start these supplies flowing into Truckee by special trucks, airplane or heliocopter. Staffers could work approximately four hours at full speed before supplies would run out. This would be ample time to start receiving supplies. Reno was not looked on as a source of supply as they would need all they had to handle any overflow of casualties and would be the evacuation point for the bulk of hospitalized cases.

It is necessary to organize the nucleus of disaster teams to meet the manpower requirements. In the planning stage at present is the organization of team captains to handle communications, supply, litter bearers, aid stations, transportation, auxiliary kitchens, etc. These teams will have to be made up of citizens of the area.

Plans have to be expanded to handle thousands instead of hundreds of people. It was pointed out that the traffic jams of evacuees from the valley is going to create terrific strains on this area. To handle the medical problems of these transient people, for every day medical and surgical needs as well as the injured and radiation ill poses a major problem.

The office of civil defense outlined the eventual organizations in this area to be independent to the Nevada County unit due to the marked division caused by the mountain between here and Nevada City headquarters. There would be a number of aid stations to receive and screen the sick and injured.

NEW OFFICERS TO TAKE OVER O.E.S.

Truckee Chapter 116, Order of the Eastern Star, will meet on December 1, with the newly installed officers taking the chairs for the first time. Mrs. Dorothy King, WM, and Dan Anderson, WP, will preside. There will also be an initiation. All members are urged to attend.

SMISEKS MOVE

Mr. and Mrs. W. F. Smisek and family left this week to make their home in North Sacramento. Their many friends are sorry to learn of their departure. Smisek continues to be employed by the Southern Pacific Company.

SUNBEAMS

By WALTER M. BARRETT

There are so many things for which we might offer thanks today that it would be a difficult task to outline them all. We might be thankful for the Harry Trumans, the Joe McCarthys or the inbetweeners, but most of all we think, we should be thankful we are living in a country where they can all have their say without fear of unjust persecution. We can be thankful the war in Korea is over, that our young men are not facing tragic death on foreign battle fronts. We can be thankful for our American rights, earned by these same young men. We can be thankful for many, many privileges and advantages that are denied those who are unable, through suppression or desire, to adopt the principles of democracy as we have come to know them. We truly, as a people, have great things for which we should be humbly thankful to God, today and every day.

Do your Christmas shopping at your home town stores. Selection of merchandise is complete. Prices are as low or lower than elsewhere and you are helping yourself when you patronize a local merchant.

GOVERNOR KNIGHT ASKS OBSERVANCE OF THANKSGIVING

SACRAMENTO —(CNS)— Governor Goodwin J. Knight's Thanksgiving Day proclamation follows:

"Thanksgiving Day is truly an American tradition — an occasion for all of us to reflect upon blessings we enjoy as Americans and to reaffirm our faith in the Heavenly Father upon whose guidance we depend for our continued well being.

"Let us be guided in our observance by the example of the Pilgrims, who on the first Thanksgiving gave thanks to God for guiding them through a perilous winter and making their harvest a bountiful one. Like the Pilgrims, we are enjoying the fruits of abundant production, both in the harvest of our fields and in the flow of goods from our factories, and it is most appropriate for us to recognize the Thanksgiving Season as a time for prayer in our homes and churches.

"We have reason this year to be especially thankful for the fact that the terrible fighting in Korea has come to an end. Let us hope and pray that temporary peace in that embattled land can be translated, through cooperation among nations, into an honorable and lasting peace throughout the world.

"In the interest of giving widespread emphasis to the spiritual principles underlying this important observance, I, Goodwin J. Knight, Governor of California, do hereby proclaim Thursday, November 26, 1953 as Thanksgiving Day in California, and I urge all the people of our state to join in giving thanks for all we have achieved individually and as a Nation."

DONNA BARNES IS PARTY HONOREE

Donna Barnes, who is observing her tenth birthdate today, Nov. 26, was feted with a party at the home of her parents, Mr. and Mrs. Harry Barnes, here last Sunday. Among those attending to enjoy a chocolate topped cake with yellow candles and ice cream were Varien Frey, Cynthia Reynolds, Kittie and Terry Ellis, Mary Ann Faulkner, Karen Smart and the honoree's sister, Virginia.

THURSDAY SERVICE

Thanksgiving day services are being held at 11 a.m. in the Community Methodist Church, Rev. Sidney Winston announced. Lay members will participate in the program.

To Quincy—

N. F. Dolley and the Truckee ambulance Tuesday transported Joseph Stanley to Quincy. Stanley had been employed at the Soda Springs Hotel and was taken ill.

No Change for Snow Removal In This Region

New Structures Will Aid Crews Working In District

No change in the snow removal program in this area during the approaching winter is planned by the state division of highways, according to a survey made in Sacramento by the Capitol News Service.

The report received this week by the Sierra Sun reads:

No change from that of last year is anticipated in the program of snow removal carried out by the crews stationed at Tahoe City or Truckee. An Auger (rotary) type plow and two large push plows mounted on heavy trucks will be assigned to the Tahoe City area to handle the conditions which may be expected during a normal winter season.

However, as in the past, should an emergency condition arise, any or all snow removal equipment may be assigned to the more critical areas. The complement of equipment to be worked out of the Truckee station will consist of one Auger type plow, three heavy push plows, one light push plow and a motor grader.

New Facilities

Construction is being rapidly completed on new maintenance station facilities at Tahoe City. At this location a truck shed, gas and oil house, and an employee cottage are being erected to replace inadequate truck shelter and bunkhouse facilities located on rented property near the dam.

The new structures were designed and are being built under the direction of the state division of architecture, and feature the latest ideas in mountain-type truck shelter and service facilities. Although planned to house fewer units, the truck shed at Tahoe City is similar in design to that now being constructed for the division of highways at Truckee. Both structures will be heated by hot water circulated through pipe embedded in the concrete floors.

The improvements at Truckee, in addition to the truck shed which will have storage and repair space for 10 pieces of major equipment, include a superintendent's office, gas and oil house, and a warehouse. It is expected that the new facilities at Truckee will be completed by next summer.

On Donner Summit

At Donner Summit, there will be three rotary plows and four push plows stationed for the winter. At Yuba Gap, there will be two rotaries and three push plows. At Sierraville, there will be one rotary and one push plow, the division says.

KAREN HEDLUND IS HONORED AT PARTY

Mrs. Kenneth Hedlund entertained at a party on November 21 in honor their daughter, Karen, who was four years old.

Those enjoying the games and refreshments during the afternoon included Mrs. L. Russell and Linda and Randy; Mrs. L. Ferdinand and Sandy; Mrs. Cliff Ellis, Chris and Debby; Mrs. Wm. Englehart Jr. and Gail; Mrs. J. Walker, Ronnie and Karen; Mrs. John Street and Cathy; Mrs. Paul Archer and Judy and Jean Wakefield.

SISTER OF LOCAL WOMAN EXPIRES

Mrs. Elizabeth McKay and Mrs. Mattie Cupples have returned from Reno, following the death of their sister, Mrs. Hugh Montgomery, last week. Funeral services were conducted by the Order of the Eastern Star on Monday.

The deceased was a native of Ireland and was well known here, where she had visited often. The sympathy of their friends is extended to her family.

FROM EUROPE

Mr. and Mrs. Jack Wolert, recently arrived back in the U. S. from a tour of Europe, greeted local friends last week and then returned to Tracy where they are visiting relatives.

Locals Hurt By Auto Mishap As Snow Is Blamed

Mrs. Honore Ardele Hedlund and Harley M. Harris, both of Truckee, were injured last Thursday evening when the vehicles they were driving collided headon three and a half miles west of Truckee.

The cars were badly damaged and the injured were treated at the Tahoe Forest Hospital.

State Patrolman Martin Sturcke cited Harris for being on the wrong side of the highway. The Hedlund car at the time was equipped with chains while the Harris car apparently skidded on the snowy highway into the path of the other car.

Tahoe Man Hurt

Fred A. Holt of Tahoe City suffered major injuries Sunday at 6:15 a.m. when his car ran off the highway at Hirschdale and was wrecked. Patrolman T. F. Sheehan made the investigation. Holt was taken to the hospital.

Rainbow Mishap

Francis Charles Markle of Reno was taken to the hospital Sunday afternoon after his truck and semi was struck by a car driven by Louis Esola of San Francisco. The latter was cited by Patrolman Sturcke for being on the wrong side of the road. The accident occurred two miles east of Rainbow.

Avaristo Dominguez, Truckee, and George A. Jones, Reno, escaped injuries when their vehicles collided east of Truckee Sunday night shortly after 10 o'clock.

Patrolman Roy Stallard investigated.

DOCTOR KASE IN HOME OFFICE, TO START PRACTICE

Dr. and Mrs. Sidney Kase and family have taken up their residence at the former Nate McCrary home on West Main Street. Temporarily, the doctor has established his office at the home for the practice of general medicine and surgery.

Dr. Kase announced that office hours will be from 10 a.m. until noon and from 2 until 5 p.m. daily. He has been admitted to the staff of the Tahoe Forest Hospital.

His telephone number is Truckee 450.

AWARDS RECEIVED BY CUBS DURING TRUCKEE SESSION

Al Koolhof, assistant Cub Scout master, officiated at the Pack meeting of Dens 1, 2 and 3 held in the Truckee Elementary School Tuesday evening, when awards were received and the boys were re-registered for the coming year.

The Cubs acted out their skit, had group singing and displayed their holiday wreaths for sale.

Alex Ayala, Cub master, has volunteered to pick up all old papers and magazines Tuesday, December 1, which have been taken to the house of Glenn Miller near the Southern Pacific railroad in Truckee. Any money realized will swell the fund of the three Dens.

It was decided at the meeting that 7 p.m. will be the official meeting time for the monthly sessions, the next to be held in the school December 22 when a Christmas tree and exchange of gifts will be enjoyed.

BICYCLES WILL BE INSPECTED

Carroll Maynard, highway patrol officer, will inspect bicycles of children during the week of November 30 to December 5, the plan delayed last week due to storm conditions.

Last Friday Mrs. Fred Pedley, safety chairman, was a guest at the Truckee Elementary School assembly when the children carried out a program of safety in their rooms.

In Denver—

Mrs. Augustus Benjamin is a visitor at Denver, Colorado.

Firpos' Guest—

Mr. and Mrs. I. Firpo were hosts this week to Prof. Umberto Olivieri of Santa Clara University. The visitor is planning to live and continue to teach in Mexico.

Date is Set For Christmas Program Here

Gifts Will Be Provided As Santa Makes Visit

Detailed plans for the annual community Christmas tree party were made at Tuesday night's session of the Truckee Chamber of Commerce, sponsor of the affair.

The afternoon's program will start with movies and a program for the children at Capitol Hall at 2:30 o'clock on the afternoon of Thursday, December 24. The arrival of Santa will be heralded at 3:30 o'clock sharp under the huge decorated tree in the plaza. There gifts will be distributed to all youngsters attending.

Santa is scheduled to arrive in a dog-drawn sled, driven by Lloyd Van Sickle who will meet the jovial Santa at a prearranged spot and escort him to the scene of the festivities.

The Tahoe-Truckee High School choir will sing and other entertainment numbers are scheduled, Cliff Ellis, chamber president, announced.

The Wyethia Club, Pythian Sisters and the Sunshine Girls have volunteered to assist in obtaining and wrapping gift packages. Other organizations in town will donate funds and help in arranging the affair.

The 20-30 Club has volunteers to provide Christmas trees for decorating the business section and will install the big tree in the plaza a few days prior to the holiday.

TRUCKEE STILL UP ON LIST OF ENTRY POINTS TO STATE

Although the number of cars entering California through the Truckee quarantine station dropped from 55,018 in September to 37,868 during last month, this port of entry maintained its position as the second largest among the state's 17 stations.

Beside the cars there were 3,019 commercial vehicles and 633 buses checked at the Truckee station during October. The total passenger count was 130,226.

Dropping off of tourist travel was given as the principal reason for the sharp decline. Last year October saw 37,018 cars pass through here, the gain for this year over last being only 650.

Meyers on Highway 50 reported 10,650 cars, 337 trucks and seven buses checked last month as compared to 17,245 for September. This represented a gain of about 1,000 compared to last year's October count.

Truckee was exceeded only by Yermo last month. There 54,445 cars were checked. Blythe was in third place with 26,939.

20-30 IS SEEKING ICE BOX DOORS IN LOCAL DRIVE

The Truckee 20-30 Club is instituting a drive to rid this community of unused ice boxes, held as a hazard to youngsters, but it isn't going to be caught in the same snare which cost a Sacramento chain store more than 4,000 turkeys in a similar campaign.

The local club had planned to give an award for each ice box door turned in but has now settled on a plan to ask anyone knowing the whereabouts of such a box to inform the club members and steps will be taken to eliminate the danger. Owners will be notified or the box doors destroyed.

The Sacramento store offered a free turkey for each ice box door and was swamped with takers for miles around who obtained doors of all descriptions and size to avail themselves of the free turkey. Junk men were even selling the doors for $1.50 each right in front of the charitable store.

There will be no prize, but the 20-30 is sincere in its desire to obtain information on any unused boxes and promises action to eliminate the danger.

WIFE OF COUNTY OFFICIAL EXPIRES

Funeral services were held Monday in Grass Valley for Mrs. Ethel O'Connor, wife of Joseph O'Connor, Nevada County surveyor.

Rev. Karl Markgraf of the Emmanuel Episcopal Church was the attending clergyman at the last rites and interment followed in the Odd Fellows cemetery.

The deceased was well known, having served as superintendent for more than 25 years in the Jones Memorial Hospital.

FIRST ORANGE TREES

One of the two original navel orange trees imported from Bahia, Brazil, by the U. S. Department of Agriculture in 1870, is in Riverside, southern California.

OH, BOY, T'DAY'S TH' BIG GAME BETWEEN TH' TROJANS

My Place In the Sun

by DOUG BARRETT

This, for a time at least, will be the eclipse of "My Place in the Sun" as you and I have come to know it. The author is, not without considerable regret, leaving this community.

I have been honored with the tender of a position on the staff of Goodwin J. Knight, governor of California, in Sacramento. Sensible that this is an opportunity which comes rarely to anyone, and having a strong and sincere personal regard for our governor, I have accepted the positon of his assistant press secretary.

In leaving Truckee, I emphatically am not turning my back on it for all time. My connections here are strong and my affections for those I leave behind, friends and family alike, are of the deepest. For over 17 years, this has been my home. There have been unpleasant moments, especially in heavy winters and deep snow, However, by and large, all things considered, you folks have been the best of all possible neighbors. I will have no hesitancy if circumstances and opportunity should suggest that I return here to make my home again.

What memories I will carry away with me! To Truckee I came in 1936 as a high school student with my parents (and partners) and my sister. I have stayed to take a small part in the realization of a vastly better high school as a citizen and taxpayer. From Truckee, I went into the army during World War II. To Truckee I returned after my discharge. Here I brought my bride and this is the only home our four daughters have known. I have seen my sister grow up with me, marry and make me the uncle of three lovely children and here she will stay, with her hsuband, operating their Leamon's Furniture store in Gateway Park.

Here I have been honored by places of responsibility in various fraternal, church and civic organizations. To these divers posts, I have given honest service to the best of my ability. These have not been duties, they have been pleasures.

Last — yet really foremost — I leave my partners and parents in the problems and production of the Sierra Sun. No man was ever more blessed than I have been. I realize, though at times I have fallen short of demonstrating this realization, that they have made many sacrifices beyond those normally expected of parents to make my way through life an easier one. Beside the many things they have actively and consciously done, Harriett and Walter Barrett have established a model for their children of what parents should be to their children and what citizens should be to their community. The daily contact with these two fine folks I will miss more than anything else.

It is not easy to leave. I would not have made the decision lightly. I go but I leave the latch off behind me. I will be back often as a guest and as frequently as possible. If circumstances should suggest it, I will return gladly to take my place among you again as friend, neighbor and citizen. So long. Be seeing you.

200 NEW BUSES FOR GREYHOUND LINES ORDERED

Pacific Greyhound Lines has applied to the California Public Utilities Commission for authority to finance the purchase of new bus equipment.

What Pacific Greyhound declares to be the largest order of buses in the history of the company has been placed with General Motors for 1954 delivery, according to an announcement by F. W. Ackerman, president of Greyhound's Pacific Division, which operates in seven western states.

Of the 200 new buses, 75 are the newly developed and much advertised bus known as the Greyhound "Scenicruiser" and 50 buses will be the new "air suspension" parlor coach model called the "Highway Traveler." Also included in the order will be 75 buses of the transit type, to be used in the company's local operations. Purchase of these 200 new buses will represent an investment of over 6 millions dollars, according to Ackerman.

The double-deck Scenicruiser, designed by Greyhound engineers and manufactured by General Motors, provides new travel comfort and amazing visibility. It seats 33 passengers on the upper deck and 10 passengers on the lower forward deck behind the driver. Windows and roof lights of special glare-resistant safety glass comprise more than 90 per cent of the body structure of the Scenicruiser in the passenger seating area, to give a view of the scenic features of the highway greater than has ever before been possible in a bus, it was pointed out. A test model of the Scenicruiser has been operating in various parts of the country for approximately two years.

The Greyhound Highway Traveler is the newly developed type of bus in which metal springs are replaced by the revolutionary new air suspension, Ackerman said, which folats the coach on automatically adjustable air cushions. The result is comfort, stability and a smooth, vibrationless ride impossible to obtain with metal spring construction.

Nearly 100 of these new "air suspension" Highway Traveler buses are already in operation through express schedules between major California cities, the Pacific Northwest and the east.

Both the Scenicruiser and the Highway Traveler are equipped with the latest in air conditioning, which maintains comfortable temperature and draftless ventilation in every kind of weather.

It is planned to use the new Scenicruisers and Highway Traveler buses on the rapidly expanding through express operations of Pacific Greyhound Lines, Ackerman said. This no-extra-fare through service is now operating between Los Angeles, San Francisco and other California cities, and Seattle, Portland, and other points in the Pacific Northwest, Ackerman stated, as well as between Los Angeles, San Francisco, Chicago, Kansas City, St. Louis and many other cities in the midwest and east.

Pacific Greyhound Lines is getting 75 new "Scenicruisers" (top picture), and 50 more "Highway Traveler" air suspension buses (lower), it has been announced. They are part of a 200-bus order for 1954 delivery and will join 100 Highway Travelers, already received, in the expanding of no-extra-fare through-express service in the West and to the East.

TAHOE NIMRODS HEAD TO VALLEY

TAHOE CITY— The Woodland and Yolo County area was the destination of several local couples last week, with the opening of pheasant season.

Mr. and Mrs. William Bechdolt and Mr. and Mrs. Jay Shontz, recently returned from vacations in southern California, left Friday for a hunt in that area. Earlier last week Mr. and Mrs. Martin Spitsen left for Woodland for the hunt.

Mr. and Mrs. Carl Bechdolt Jr. motored to Marysville, Mr. and Mrs. Imon Mitchell headed for Sutter and Mr. and Mrs. Bob Thomas to Tulelake for the shoot. Going to Chico opening day were Max Porter and Jack Broyles of this city.

DON EVINS SHIFTS TALLAC FISH GEAR

TAHOE CITY— Don Evins of the state fish hatchery near here went to Elk Grove last Thursday to transfer a load of hatchery equipment for the state department of fish and game. He was accompanied by Mrs. Evins.

The state hatchery at Tallac on Taylor Creek is now in the process of being permanently disocntinued and dismantled. Its equipment is being moved to Elk Grove.

SISTER PASSES

TAHOE CITY— Mrs. Sibyl Knapp of Lake Forest was called to Berkeley last week by the death of her sister, Mrs. Sara Heney, in that city. Funeral services were held in Oakland.

ARE YOU A SUNSCRIBER?

BOARD REFUSES TIME DELAY FOR SEWAGE PROJECT

TAHOE CITY— The Tahoe City Public Utility District does not intend to put up with any dilly-dallying in the construction of its sewer system.

C. W. Vernon, president and manager of the district, has refused an extension of time asked by the Midwest Contracting Company for construction of the sewage disposal plant.

Vernon instructed the company's supervisor to continue work as long as the weather will permit. He said the company failed to provide sufficient labor, especially in the skilled categories, and that the collection lines for the sewer are not completed. He reported that winter weather is making ground work difficult.

The contract for the job provided a $75-a-day penalty after the job's 150-day time limit, which will expire December 24. On that date the treatment plant, now roofed, is expected to be completed.

Directors of the district met last Friday with Tom Camplain and C. H. McGKerrighan, Midwest representatives, to discuss the problems. Their refusal to permit delays in the project was based on the fact that many roads in and around the community have been excavated and left in a nearly impassable condition in the process of installing the sewer lines.

PAINTER INJURED WHEN CAR SKIDS

TAHOE CITY— Don Painter, Lake Forest, was injured last ween when his car skidded on wet pavement near Carnelian Bay. He was treated at Tahoe Forest Hospital at Truckee and is now reported recuperating at his home.

Winter in Valley—

Mr. and Mrs. J. T. White of Tahoma are spending the winter at Sacramento.

Employed by Ballard—

Charles Nordstrom of Kings Beach is now located at San Rafael where he is continuing to be employed by the Ballard Company.

Returns to Oakland—

Mrs. Fern Schlueter of Tahoe City left for Oakland on Monday, having delayed her trip longer than her annual custom.

Up from South—

The Max Bretzfelder address is being changed this week from Hollywood to Tahoe City.

ROTARY TALKS PLANS FOR PARTY FOR YOUNGSTERS

TAHOE CITY— The Tahoe City Rotary Club met at Pfieffer House on the evening of November 17. In the absence of President Howard Guth, Steve Korich presided. Jim Martin reported that he and his assistants have completed purchasing gifts for all the community children, including students at Tahoe Lake School and those under school age, to be given to the young people at the big community Christmas tree party.

The program will be held under the big decorated pine tree in the center of Tahoe City on the evening of the day school closes for the Christmas-New Year recess.

VERNON HOME PARTY LOCALE

TAHOE CITY— Miss Florence Vernon last Thursday night was hostess for a group of friends at the home of her parents, Mr. and Mrs. C. W. Vernon. Canasta was the principal diversion of the evening, with refreshments being served at midnight. Sharing the enjoyable evening with the Vernon family were Mr. and Mrs. Don Evins, Mrs. Rose Boyiarides, Pat Henry Griswold, Johnny Reed and George Roy.

UNEMPLOYMENT FIGURES LOWER

SACRAMENTO —(CNS)— State employment officials estimated the number of unemployed workers in California during October at 121,000—down 9,000 from September. The officials said the total industrial labor force also declined 25,000 — to 5,127,000 — because of many persons from the labor market.

'QUAKE WAVES USED TO EXPLORE SIERRA DEPTHS

The Sierra Nevada range in eastern California stands upon a massive foundation of basaltic rock 30 to 40 milest deep, a widely known seismologist surmises, basing his conclusion on the fact that earthquake waves in the mountains lag a little behind schedule.

Professor Perry Byerly, University of California seismologist, says waves from eart movements having their origin west of the Sierra reach stations east of the range anywhere from 2½ to 4 seconds later than they should if they were following a straight course.

This indicates they detour downward to pass under the vast foundation rock mass on their way through the earth's crust, the professor believes. The time differential is arriving at stations on the east of the Sierra is a measure of this detour and gives an idea of the sizes of the rock mass.

Quakes which center near Eureka, in the northwest corner of California, lag four seconds in reaching Tinemaha station in the Owens Valley on the southeastern edge of the range. From Eureka to Reno the lag is about two and a half seconds. This wave lag thus supports other evidence of the existence of this rock mass, Prof. Byerly said.

Byerly first advanced the idea of the rock foundation in 1938. Minute changes in the gravitational pull of the earth near the Sierra gave the first physical clue to the existence of the basalt mass.

It required several years of aerthquake recordings to produce the new evidence. They indicate the entire Sierra range is underlaid with this enormous basaltic foundation, Byerly reported.

FEWER CHILDREN AVERAGE BIGGER SHARE OF RELIEF

In Nevada County, about 13.1 children per 1,000 of total population were on the aid to needy children rolls for August, 1953, compared with 14.8 per 1,000 for August, 1952, and 17.2 per 1,000 for August 1951, California Taxpayers' Association says.

For August, 1953, there were 274 children in the county receiving aid to needy children. Total payments for this one kind of relief for the month were $14,085. Aid for ANC families averaged $51.25 per child or $117.65 per family. Average aid for children in boarding homes and institutions was $55.50 per child.

For August a year ago, aid for the 309 children on ANC rolls totalled $15,502, with aid for children in families averaging $50.20 per child or $109.26 per family, and in boarding homes or institutions $49.46 per child.

Aid for the 351 children on the rolls for August, 1951, totalled $17,912, an average of $51 per child in families or $111.60 per family and $51.86 per child in boarding homes and institutions.

While amounts in different categories varied statewide, Nevada County's figures fairly reflected the trend throughout the state, the report showed.

VIGILANCE COMMITTEE

The San Francisco Vigilance Committee of 1856 was organized to suppress law-breaking fostered by corrupt political administration.

SIERRA SUN ADS PAY!

Rural Colonization in El Salvador

Rural development has become a reality in El Salvador. Through its Institute of Rural Colonization the Salvadorean Government has already begun to move families into 250 specially-designed brick homes at its Sitio del Niño project. Under the direction of a planning group made up of government representatives and U.N. experts steps are being taken to improve the economy of the region and the living conditions of its people. Here, the Quijano family who lived in a thatched hut, receives official notification that they have been allocated a new house by the Rural Colonization Commission of that country.

PLACER COUNTY GROUP BEGINS T.B. SEAL SALE

In explaining this year's Christmas Seal, Dean Conard, Christmas Seal Sale Chairman for the Placer County Tuberculosis and Health Association, recalled the 1500-year-old tradition of singing associated with the Christmas season.

The carol singers come to your door, bundled against the rain, snow and cold in overcoats, knitted muffler and caps, "bringing Christmas." "Almost literally," Conard said, "this year's Christmas seal does the same thing."

Seals Mailed

Featuring the poyful face of a singing child, wearing red mittens and an old-fashioned green stocking-cap and muffler, and holding an open book of carols, the 1953 Christmas Seal has been delivered by mail to homes of county residents since November 16. The Christmas Seal Sale, conducted by the Placer County association to arise funds for its 1954 tuberculosis control program, will continue through December.

The artist who designed the 1953 Seal, Elmer Jacobs of Chicago, sought to capture in the child's upturned face all the things that should be foremost in our thoughts particularly during the holiday season.

Conard continued, "The singing child on the Christmas Seal is no stranger, but, like the Christmas Seal itself, is a symbol of hope to millions of Americans. The Christmas Seal represents our faith in a full, happy, healthy future for our children."

Quarter Century

For nearly a quarter of a century, the Placer County Tuberculosis and Health Association has been fighting to control tuberculosis and eventually eradicate it here at home. Their work is financed by the people of Placer County themselves through their purchase each year of Christmas Seals.

The fact that tuberculosis has killed four residents of the county already this year, Conard declared, becomes all the more tragic when it is realized that TB can be cured and can be prevented. By buying Christmas Seals we can all share in this great task of protecting ourselves and our children and our neighbors' children from this unnecessary disease.

The first radio press dispatch across the Atlantic was sent on March 29, 1903.

BLUSTERY, WET WEATHER SEEN IN TAHOE AREA

TAHOE CITY— The week which ended at 8 a.m. Monday found the weather here generally unsettled, with frequent but small rain and snow storms. A. E. Frodenberg, official observer, noted a total snow fall at Tahoe City of slightly over eight inches for the week.

This, combined with rain showers, boosted precipitation figures by nearly eight-tenths of an inch for the period.

With five gates open, the level of Lake Tahoe Monday morning was 6227.53 feet above sea level.

Daily high and low temperatures for the week were Nov. 16th: 50, 28; 17th: 31, 18; 18th: 35, 15; 19th: 43, 19; 20th: 30, 19; 21st: 36, 17; 22nd: 38, 23; 23rd, low 33.

Capital Visitors—

Mr. and Mrs. Ralph Sturgis of Tahoe City were Sacramento visitors this week.

Work on Piers—

Contractor Jim Williamson, assisted by Howard Carnell of Tahoe City, is engaged this month in building new piers for the Meeks Bay Resort.

From where I sit ... *by* Joe Marsh

The Missus Keeps Posted

Ever since our electricity was cut off last year on account of me forgetting to mail in the payment, the Missus has been sort of leery about giving me letters to mail.

At first she'd ask if I mailed them, then double-check my coat pocket at night. She stopped that, and I figured she was convinced I'd learned my lesson.

Then yesterday, I got a postcard at the office in a familiar handwriting. I turned it over and by golly it was from the Missus herself! It read: "Thanks, Joe, for mailing my letters." Well! Looks like she figured I *still* needed some checking-up and slipped that postcard in the last batch of letters.

From where I sit, an occasional check-up is a good thing. Check-ups on just how tolerant we are of other people's preferences and tastes, for example. I like a glass of beer with supper, you may prefer cider—but if I ever try to switch you to my choice, simply "address" me with a reminder of your rights.

WE RESERVE THE RIGHT TO LIMIT QUANTITY

...and heaven (well, almost) for parents who travel with children.

Children love to ride on S. P. trains because it's fun. And parents like to travel on S. P. because they can relax and enjoy themselves—thanks to the special children's services we provide.

For instance: If baby's bottle needs warming, your Pullman porter or Coffee Shop steward will cheerfully get it done. And for the junior gourmet, we have a wonderful Children's Menu with specially prepared meals and moppet-sized servings. Mom and Dad can share their regular meals with their children, too—we'll gladly furnish extra plates and silverware.

On most of our trains, little fellows under 5 ride free. Older little people, from 5 through 11, ride for half fare when accompanied by a grown-up. (On a few of our trains, there is a small reserved seat charge that applies to anyone big enough to occupy a seat.)

Meantime, we've been thinking about *your* comfort, too. Chair Cars on Southern Pacific's streamliners were built with just that in mind. No-glare fluorescent lighting. Soft-as-a-cloud foam-rubber seats. Lots of leg room and move-around room. Extra large windows. Feather-touch doors. Spacious washrooms.

We baby your freight, too—

And S. P.'s gentle freight handling doesn't cost much, either. On an average, we move a ton of things for only 1.45 cents a mile. We have more miles of line serving more Western cities and towns than any other railroad. So, for fast, efficient and dependable freight service—whether carloads or l. c. l.—call our nearest agent.

Tahoe Items

by Jeannette Mitchell

Met Mildred Brown, who seems to a hard one to take it easy. She's looking much better and was very happy over the receipt of a note from Mrs. Cleo Clark, Mrs. Earline Brumbaugh's mother, which came all hte way from Lima, Peru. Mrs. Clark is enjoying her trip and is coming home shortly. She states there is no place like the United States.

See Fred Main is back from his trip. Mr. and Mrs. B. Morgan, Meeks Bay caretakers, stocking up with a few groceries. Byron says the snow plows were busy out their way promptly. Glad to hear the boys are on the job, even though the snow fall to date has been negligible. Had a pleasant chat with Bud Scott, who is up for a few days. He expected us to have feet and feet of snow as they have been having rain and still more rain down his way around Contra Costa County. He forwarded Swanee's best to us all.

Earline Brumbaugh leaving hurriedly to pick up son Gary, who will be home from the hospital for one week to walk around and limber up that limb of his and then back to the hospital for a little longer.

Received a lovely letter from Dorothy Herman, recently of Pineland during the summer, now wintering in Hollywood. Solveig Beavers has left our area with her two children, Chris and Nancy, to spend the holidays with her mother and father in Palo Alto. Her hubby, Clarence (Butch) Beavers is still Christmas treeing up here with the expectations of joining his little family for the coming holidays.

Mrs. Ann Sach, Mrs. Gladys Anderson and Mrs. Jeannette Mitchell with son Dale motored to Reno last Thursday, leaving in glorious sunshine and coming home several hours later than expected, due to the really first heavy snow fall of this year. In their plight of being stuck and awaiting help, it was rewarding to note that all the passers by stopped and offered assistance, although the ladies had help coming. It was also more than heartening to the ladies to see the faithful and loyal highway crews coming along to clear the highway right down Highway 89 south. Yes, sir, everyone is very apperciative of their crew of highway workers.

Our pretty Joy Carol Gelmstedt was honored by a lovely candlelight birthday dinner on November 18 to celebrate her 13th birthday. Many happy returns, Joy. We are sorry that Daddy couldn't be with you, being too busy over Tallac way with the telephone company. We're sure he was with you in thought nevertheless.

Bobbie Price, our girl Friday at the Skookum Chuck, left for a combined business and pleasure trip to Sacramento. We expect to see her home soon.

Many folks leaving over the past weekend. Leaving for a pleasurable weekend in Sacramento are the R. Gianninis of Pfieffer House near Tahoe City. Rick and Bernice plan to attend a Golden State dinner party while in the capital city. Mrs. Giannini's mother, Mrs. S. Arcehr of Oakland, and an aunt, Mrs. J. Dotson of Palo Alto will help Lois Pfeiffer during the absence of the Gianninis.

Marie Henry is still going great on her Aircraft Observation post at Tahoe City, with tthe help of her hubby, Joe, son, Al, and not in the least least, her grandchildren Gary and Karen Henry. It's all in the family so to speak and they are doing a wonderful job and should be commended for their service. It is being done for you and me where ever we may be. I hope before too long there will be others to lend a helping hand and eager eye. When you become a qualified ground observer, you will be entitled to wear the observer's insignia. In addition to the insignia it is planned to have several types of medal awards for meritorious service.

With this report, I leave you for another week, hoping you are all well and happy and mighty thankful to be a part of this wonderful country!

STOP IT

State law prohibits throwing trash from your car. Don't do it. Carry a paper bag in which to put refuse and trash; then place it, when full, in a roadside trash receptacle or take it home to your own trash can.

PAIR ASKS $225,000 FOR CRASH HURTS

Fred E. Gruen and Lois M. Gruen are asking $225,000 damages for injuries suffered in an automobile collision between Tahoe City and Truckee last August 23. Suit has been filed in the Placer County superior court at Auburn.

Defendants named in the suit are Walter W. Steirn and Steirn's Veterinary Hospital of Bakersfiled.

Fred Gruen claims to have received injuries to his spine and other parts of the body in the crash. He asks $200,000 and his wife seeks $25,000.

The Gruens live at Daly City.

SUMMIT SCENE

by FRAN COUILLARD

A Thanksgiving for you that will contribute to your well being and happiness: Before the Pilgrims knelt in the first Thanksgiving on these blessed shores, we read of another Thanksgiving, "And Noah builded an altar unto the Lord; and took of every clean beast, and of every clean fowl, and offered burnt offerings on the altar." (Gen. 8:20). Thus did Noah in his first Thanksgiving after he left the ark which had been lifted above the waters of the flood.

Quietly and without fanfare we know that many will express their thanks in the humbleness of giving. We are reminded, for instance, that Maria and Jack Patten of Castle Creek will serve Thanksgiving dinner to a couple of carloads of underprivileged children from San Francisco, home inmates who will be accompanied by their welfare guardians. We know of others who do not wish their names mentioned who are fixing baskets with trimmings for families who cannot afford the traditional feast.

Some will leave their city homes and bring their Thanksgiving feast to their mountain cabins for the odor of pine fills them with the spirit which is indicative of the beginning of the Holiday season. Betty and Edvi Aro entertain relatives and friends from Fresno in their little Swiss chalet type home. Jim and Eula Sherritt travel to Sacramento for dinner with relatives. Barbara and Bud Zorich head for Plymouth to put their feet under the table at Barbara's folks'. Bert and Dotty Bacon with Cisco Grove friends, the John Johansens with Soda Springs friends, the Art Couillards with Soda Springs friends, the Soda Springs Lodge owners with their employees—one and all cook the big meal at home. Betty and Tom Vincencio off to Santa Cruz, Ralph and Goldie Rowton will journey to the valley where Goldie's mother is visiting for Thanksgiving — a family reunionish type of Thanksgiving.

The highway maintenance boys will perhaps eat Thanksgiving dinner on top of the world when they dine of Chef Brooks' good fare atop Donner Summit at 7,135 feet. Not many tables will be so up in the air.

"Post mortems" on parties past: The dark circles under the eyes of Jeannie and Elmo Moriano's happy faces are the only remaining indications of the terrific party they "threw" last Friday night for their "see our remodeling job." Daresay a goodly 250 guests danced to the music imported for the deal and we noted faces from Auburn, Weimar, Emigrant Gap, Truckee, Lake Tahoe, Grass Valley and practically everyone on the hill. With the help of Mama Emma Moriano, who came up from San Francisco to help her kids, the buffet of mostly salads and luscious cold meats was sumptious and quickly cleaned up. 'Tis said that the party was one of the best and biggest enjoyed on this hilltop for a long time.

Last Saturday night's installation party of Donner Summit Post 811, American Legion at Donner Summit Lodge was a huge success what with Bud and Betty Horak showing up after traveling all the way from Millbrae to join the festivities. Both look wonderfully well and wished to be remembered to their many, many friends whom they couldn't greet at the installation. Sunday morning, drizzly and early, Betty and I took a stroll to look over mountain improvements since she left. The "inspection" of the Zorich Ski Shop found, amazingly, the first snow bunnies of the year being fitted for skis to tackle the half rain, half snow conditions that existed on the Soda Springs Ski Hill. Accommodatingly Charles Van Evera started his rope tow for the first "influxers" and it is with amazement that we report that skiing season is officially open in the Soda Springs area when a goodly number of tickets were sold in spite of poor snow conditions.

Noted members of the San Jose Ski Club clumping around in ski boots. Had a talk with Mrs. Howard Lemon, Santa Cruz Ski Club, who came up from Sacramento to get their lovely club house in order. Ski clubs who have failed to get housing for the winter comb the area, berating themselves that they haven't picked up one of the available places sooner.

Back tracking, we pick up the Zorich Ski Shop story again, officially announcing their Ski Fashion Fiesta to be held on December 5th at Soda Springs Hotel. Big plans and preparations, a preview of some of their new togs and accessories, plus a list of local lovelies and stalwart gentlemen, tiny totts and teen-agers who will model make us say, "This is one we cannot miss." Music, refreshments, a modeling platform, flood lights—the works. So we'll be seeing you at Ski Fashion Fiesta!

Full of exuberance, as ever, we note Grats Powers passing out his calling cards at the Soda Springs Hotel. Grats, the card says, is manager of the Saga sporting goods shop in San Francisco. Checking with the Carl Bueks, we find that their ski shop is almost ready to go into operation too. Speaking of that portion of the hill, we find out that the reason Mr. and Mrs. Jack Gross wore gloves at the Beacon Hill party was because both had paint under their finger nails—just redecorated the charming Snow Flake snack shack at the foot of the Soda Springs hill and were proud of their job.

That perennial visitor, Ellen Flynn, found her way up here for the Beacon Hill party. Ellen's brother, Larry, by the way, was "official" photographer for Elmo's party.

Rose Goss and daughter Nancy take off for Carson City to join Lonnie Goss for Thankgiving, and incidentally to celebrate Nancy's very first birthday.

Again, have a nice Thanksgiving!

FIRST HOSPITAL

The first European-type hospital in the western hemisphere was built by Cortez in 1524. It is now the Hospital of Jesus in Mexico City.

AUBURN GROUP HELPS PAHATSI

The Auburn Community Foundation, a non-profit corporation, organized for community betterment, this week made a grant to Camp Pahatsi, Tahoe Area Council Boy Scout Camp, located at Soda Springs. The financial gift to the council was sufficient to pay for the cement and materials used in laying eight cement platforms in the leaders area at camp. This improvement replaces the old wooden platforms that had long ago served their usefulness.

The work in laying the forms, providing the fill and tamping down the dirt in preparation for the cement was completed by a work party under the direction of Stanley Wright, council camping and activities chairman. He was assisted by several adults and a number of Scouts and leaders from Troop and Post 3, Troop and Post 10 of Auburn.

All Pacific Coast mackeral canning is done in California.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNNTY OF NEVADA

GEORGE PACE JR., Plaintiff, Vs. INDEPENDANT ORDER OF ODD FELLOWS, DONNER LODGE NO. 162; MABEL TOWOMEY; T. TERESA FIGLIPELI; THERRESSA FILLIPALLI; ANGELO DONATI; BARNEY ARAISI; VICTTOR COZZALIO and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiff's ownership, or cloud upon Plaintiff's title thereto." Defendants.

SUMMONS

Action brought in the Superior Court of the State of California in and for the County of Nevada, and the complaint filed in the Office of the County clerk of said County.

LEO J. TODD and CROFFORD W. BRIDGES, Attorneys for the Plaintiff, Grass Valley, California.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

INDEPENDANT ORDER OF ODD FELLOWS, DONNER LODGE NO. 162; MABEL TOWOMEY; T. TERESA FIGLIPELI; THERRESSA FILLIPALLI; ANGELO DONATI; BARNEY ARAISI; VICTTOR COZZALIO and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiff's ownership, or cloud upon Plaintiff's title thereto." Defendants.

You are hereby required to appear in an action entitled as above, brought against you by the above named Plaintiff, in the Superior Court of the County of Nevada, State of California and to answer the Complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons, if served within said County, if served elsewhere within 30 days..

And you are hereby notified that unless you appear and answer as above required that the Plaintiff will take judgement for any money or damages demanded in the Complaint as arising upon contract or they will apply to the Court for any other relief demanded in the Complaint.

The object of this action is to determine all and every claim, right, title, estate, lien or interest of the said Defendants, and each of them, in and to the real property described as follows to-wit:

All that certain realty situate in the County of Nevada, State of California, particularly described as follows:

The Westerly 12 feet of Lot 26, Lot 27, Lot 28, and the Easterly 16 feet of Lot 29, River Front Block West of Bridge Street, as per the Official map or plat of said Town of Truckee, County of Nevada, State of California.

And it is the further object of this action to have it adjudged and decreed that Plaintiff by himself and by his predecessors in interest, for more than twenty years continusouly next immediately preceeding the filing of the complaint in this action, has been and now are in the actual, exclusive, open, notorious and adverse possession of said real property, claiming to own the same in fee against the Defendants herein named, and against the whole world, and have paid all taxes of every kind or nature levied or assessed against the said real property during the period of five years next preceeding the filing of the complaint in this action and that Plaintiff is the owner of said real property and the whole thereof, and the said Defendants have not, nor has any of them, or any other person whatever, except the Plaintiff, any right, title, estate, lien or interest in, to, or against said lands whatever.

WITNESS my hand and seal of said Superior Court this 9th day of November, 1953. R. E. DEEBLE Clerk

(d10) By: ..... Deputy Clerk

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District of Placer and Nevada Counties, at the Office of the Superintendent, on or before, but no later than Tuesday, December 8, 1953 at 5:00 p.m., for laundry service in accordance with the specifications on file at the Office of the Superintendent of Schools, Truckee, California.

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and to be the sole judge of suitability and fitness of service offered.

Bidders are required to bid on all items or types of service, or state cause, satisfactory to Governing Board for unbid items and/or service. Bidders are required to furnish a certified check in the amount of 10 percent of the bid to guarantee faithful performance of contract.

By order of the Governing Board, Tahoe - Truckee Unified School District. FRED M. PEDLEY Clerk (d3)

COUNTY DISTRICT QUESTION IN AIR, LAWS ARE VAGUE

SACRAMENTO —(CNS)— One of the matters which undoubtedly needs, and will receive, looking gislature is the situation which perinto at the next session of the lemits boards of supervisors to reapportion the supervisorial districts in the counties.

At the present time, the law says the supervisors "may" accomplish such reapportionment, in the event population in the various districts is unequal.

The laws does not say that the supervisors "shall" make provision for changing the boundaries of the supervisorial district, which is the subject from time to time of some bitter discussions in counties where populations have shifted, and where the people, who incidentally, foot the county government bill largely through property taxes, feel they are not properly represented on the county law-making body.

Such a situation exists today, for instance, in Alameda County, where although they have been importuned to make some changes in supervisorial districts, the board of supervisors has taken no action. Such action must be taken before November 3 or it will have no effect on the next election.

Southern Alamela County Republican groups have announced they are requesting the intervention of Governor Goodwin J. Knight in the controversy over the supervisorial lines.

Knight, however, gsaid that such a controversy is not up to the governor's office to solve, that boards of supervisors have full and direct charge of reapportionment matters, and that if any group feels that it is aggrieved, representations should be taken to the superior court of the county to force action of the board. Whether, in view of the wording of the law, the court could or would take any action is another question, and probably the case would go clear through the state supreme court, an action which would be of no immediate benefit to Alameda County taxpayers, in view of the time element.

Much the same problem comes before the state legislature every ten years, when new census figures are available, and when it is necessary, according to requirements of the law, to reapportion the entire state into new assembly districts.

During this time, there is much pulling and hauling both to take care of favorite assemblymen who might be hit by a change in the boundary lines of their districts and to wipe out assemblymen who aren't on the inside with the committee which handles the reapportionment measure.

All of which adds up to the fact that the people of the state have little to say regarding the formation of the districts from which they choose their representatives, state or county.

Although there already are too many boards and commissions in state government, it might be worth the consideration of the state legislature to consider a reapportionment commission, which would be composed of citizens from various parts of the state, with similar commissions in counties, who would have the final word on fixing district lines, subject of course, to referendum by the people.

If such a commission were operating, the charges of "gerrymandering" which frequently fly during the reapportionment period would largely be dispelled, and the districts formed so that as equal population as possible could be obtained in each.

Minute Ministry

by REV. SIDNEY WINSTON
Pastor, Com. Methodist Churches
Truckee and Kings Beach

Thanks to the Sierra Sun.

In my brief stay here in Truckee, the particular privilege of sharing with the public through this friendly and high quality weekly newspaper has had a distinct effect upon me. It may be like a fisherman going out to fish with an extra variety of bait; or a hunter with an extra chance to hunt before the season ends; it is more like the Scriptural casting of the "bread upon the waters" for me. In the short time that I expect to be with you, with any sense of certainty, opportunities to get acquainted are invaluable, I believe, to both of us. Thanks again!

In this Thanksgiving season, I have much to thank the people of Truckee and of Kings Beach for; for fifteen years I have waited upon the Lord for this great privilege of living with you and sharing with you in the precious truthes of the Gospel of Christ. Much of this privilege is dependent upon you who read this; our getting acquainted will have to be more mutual and less suspicious and less pre-judged. I say this because I have not lost faith in the people of the Church of Jesus Christ. I do not believe they will let the effort suffer which holds such a responsible place in the community and Spiritual life of each of us.

"Thanks be unto God, who giveth us the victory, through Jesus Christ our Lord!"

Let's make November "Truckee Go to Church Month."

To Arizona—

Mr. and Mrs. Leo Marthaler are leaving Carnelian Bay this week for the winter in Chandler, Arizona, where Marthaler will be employed as chef in a resort hotel

THINGS TO TALK ABOUT
BY FRANKLIN J. MEINE
Editor, American Peoples Encyclopedia
AN ACRE OF TOMATO PLANTS WILL YIELD FROM 5 TO 20 TONS OF TOMATOES.
There is a telephone for every three persons in the United States, while the rest of the world averages only one telephone for each 68 persons.
Statistics reveal that there is a big boom in the sale of "do-it-yourself" items. Men are the buyers. This would indicate that men are taking more interest in their homes and are probably becoming more domesticated.
J.D.C.

FREEWAY PLANS INCUR WRATH OF MOUNTAINEERS

SACRAMENTO —(CNS)— There appear to be some unhappy people in the city of Dunsmuir, Siskiyou County, as the result of plans of the state division of highways to bisect the community for a freeway.

The plans recall other instances in California where the state highway commission has ridden roughshod over the protests of the people of the communities involved, namely, in El Monte, in West Sacramento, relocation of the highway northeast of Sacramento, and others.

The Dunsmuir situation appears to be a counterpart of these previous battles, most of which, incidentally, have been won by the highway commission, which in the final analysis, makes the decision as to where the new highway will be located. This is because the commission can decide not to build at all if it so chooses.

Recently, the people of Dunsmuir, some 400 of them, met in the high school of that community, from the Dunsmuir News "a gasp and according to press reports burst from the lips of some 400 Dunsmuirites. . . . when they learned that 79 homes will be lost within the city limits" as the result of the highway commission's proposed freeway route.

Reports previous to the meeting had set the figure at about 40 homes, which it was proposed to remove to make way for the new road.

In addition, the press report says, the county will lose about 14 additional homes just outside the city limits. According to the distrigt highway engineer, the route selected would "give the best deal to the highway user, combined with the best deal for the city of Dunsmuir."

Removal of the 79 homes from the tax rolls of Dunsmuir would cut out approximately five percent of the assessed valuation of the city, it was estiamted, not to mention the remaining amount that would be removed from the county tax rolls. The present highway through Dunsmuir would be returned to the city and county for maintenance, which in winter time sometimes involves expensive snow plow operations.

The highway commission at least starts its planning early for the construction of new freeways. The highway engineer estimated that it would be approximately seven years before the better than two million dollar project would be completed.

Admittedly, there are acute engineering problems in the establishment of a freeway in the Dunsmuir area. The community is located in the Sacramento River canyon, grades and excavations are involved. One suggestion was made to the engineers that they build a viaduct up the Sacramento, and pass immediately through town over the river instead of using a route that would disturb so many homes. This was not considered as it was held to be too expensive.

From the temper of the community, it is expected that there will be opposition to the route as proposed by the highway commission, and if the opposition develops as some previous complaints have developed, it would appear much longer than seven years would be necessary to complete the highway. The El Monte freeway dispute has gone on for more than ten years, and the southern California road is not as yet even in the process of construction, although the route has finally been settled upon.

Senator Randolph Collier of Siskiyou County attended the meeting and advised the group that "there is little an individual can do to change the route."

"Only collective action by the twon could cause a change," he declared.

SNOW FUN BOOK AVAILABLE FREE

SAN FRANCISCO— The time has come for the "flatlanders" to begin planning their trips to the snow country. As an aid to these winter sports enthusiasts, the California State Chamber of Commerce has issued its 1953-54 California Winter Sports Guide.

Jam-packed with detailed information on resorts and accommodations, the guide is free and may be secured at sporting goods stores and travel agencies throughout the state. One section, "Tips for Your Trips," gives sound advice as to wearing apparel and equipment needed, this year's styles, winter driving and other vital information to make snow trips more fun and safer.

To Attend School—

Miss Barbara Marthaler of Carnelian Bay plans to spend the winter at Sacramento, where she will attend school and work in a restaurant in the the capital city.

Lounging or sleeping—there's no waist effort!

The *guaranteed* waistband in these SKIPPER-JAMAS by Wilson Brothers assures perfect comfort for the life of the garment! Trim-fitting T-shirt top is knit of fine-combed, soft cotton. The smart, slack-style trousers have cuffs and handy pockets. Sanforized for lasting fit. Choose from many color combinations.

NORTH TAHOE

by HARRY CHARRISON

It looks as though we might see some good boats around the harbor at Carnelian Bay this summer, as Gilbert Ballard, who owned the Lake Tahoe Marine harbor, was telling me before he left for his new location at San Leandro that none other than Stanley Dollar had purchased the boat harbor. Gil says he already has a contract to recondition navy boats up to a $100,000 at his new plant.

Now its the Beesleys of Tahoe Vista building a couple of very nice looking cottages under the direction of the managers, the Ernie Crawfords.

Two brothers, Bill and Harvey Martin, have left Kings Beach for Palm Springs and both have employment waiting for them.

Fred Baker spent the past weekend down around Biggs pheasant shooting and did very well by all accounts. Pheasant fo thanksgiving is pretty good fare, says Fred.

Had a letter from Charlie Stich, father of Margaret Madden. Charlie recently sent a month with the Maddens at Tahoe Vista. While his home in New Jersey is O.K., he sure misses the beautiful mountains and the fresh air of Lake Tahoe, not forgetting the many friends that he met while here.

The Wee Kirk o' the Pines Methodist Church at Kings Beach will have church school at 10 a.m. Sunday with preaching at 11 o'clock. Two hours of sound movies will be shown beginning at 3 p.m. and preaching again at 7:30 p.m. There will be a church board meeting on Sunday at the church. Mrs. Eda Judy, Sunday school superintendent, has been with her mother in Sacramento. Mrs. Asa Abbott is acting superintendent.

Here is something really worth while, especially for those who have the privilege of staying here through the winter. The recently formed "Tahoe Twosome Club" of the North Tahoe vicinity is staging a box social with all the homey western atmosphere you could imagine on Friday, December 4 at 6:30 p.m. in the recreation hall of the Community Church at Kings Beach. All couples are invited, the only admission is one pretty box filled with luscious goodies, all wrapped up in ribbons. All are welcome.

Guests for the weekend at the L. N. Johnson home on Dollar Hill included Mr. and Mrs. Ed Hall and Mr. and Mrs. Jack Harrison, all of Vallejo. The visitors all attended the installation of officers at Truckee Chapter of Eastern Star.

Guests at the Dan Anderson home in Tahoe Vista were Mr. and Mrs. Everett Moore of Walnut Creek. Brunch Sunday morning included the Moores, Mr. and Mrs. Ed Hall, Mr. and Mrs. Jack Harrison, Mr. and Mrs. Les Johnson.

The Women's Club of North Tahoe will hold a Christmas bazaar Thursday, December 3, at 7 p.m. at the Kings Beach School. There will be pastry and candy booths, fancy work and a white elephant sale. There will be no charge for the refreshments and everyone is welcome.

Jack Braden of Edgelake Resort is resting up with a game leg acquired while hunting. We are glad to report that Mrs. Braden is fully recovered from a recent operation.

The Sun and Sand Resort is having a large addition on their already spacious building in Kings Beach. The Klines of Falcon Lodge, also at Kings Beach, have the foundation in for a large addition.

Joellyn Ashton of Kings Beach presently attending Pasadena City College is spending a few days with her mother in Las Vegas, where the latter is manager of the Aqua, a swank motel on the Strip in that city.

Mr. and Mrs. Julius Gold of Goldcrest Lodge, Kings Beach, returned this week after a trip of 9500 miles, going as far as Miami, Florida. Julius reports a most delightful trip and upon his return was quite surprised at the activity in the building line around the area.

Jim Jeffries of the Christmas Tree on Mount Rose has left his home on the Brockway cutoff and will winter in Reno.

The Steve Port family have acquired a home on Fox Street in Kings Beach and have left the Tahoe Vista area where they lived for quite some time.

The Brockway Rotary Club will hold Ladies Night Monday, November 30, at Cal-Vada Lodge, at which a colored film will be shown by Max Kolb. It shows wild life centered around Peru and is said to be exceptionally beautiful. Members of the Lake Tahoe Lions Club and their wives have been invited to attend. M. H. (Hank) Dodd is to be program chairman.

Glad to hear Dr. Jose A. Nessim is back after being absent for quite a long time in Los Angeles. I understand Dr. Sklar, who so ably held the fort during that time, will soon take a trip to his home in Maryland and then will be back to stay for a while.

Whatever the weather man has in store for us at the lake is hard to say but we can be thankful for the beautiful fall we have experienced to date at "Tahoe the Beautiful."

Placer County Sheriff Charles F. Ward was the principal speaker at the Monday evening meeting of the Brockway Rotary Club. The sheriff gave a first class talk on the inside doings of his department. Many questions were fired at him from the floor, which made the talk most enlightening and interesting. The department was well represented by the attendance of Deputies John Shingle and Harry (Pappy) Brooks, Constables Harry Johanson and Richard Lavery, and Judge Harry Charrison was on hand to see that justice was done. Dr. H. M. Holmes presided.

AT THE WHITE HOUSE Wednesday morning, November 18, the nation's 50 millionth telephone was placed in service on the desk of President Eisenhower. Participating in this ceremony were Cleo F. Craig, president of the American Telephone and Telegraph Company; Warren B. Clay, president of the United States Independent Telephone Association; Rosel H. Hyde, chairman of the FCC, and C. L. Doherty, president of the National Association of Railroad and Utilities Commissioners.

Tahoe-Truckee School District News

KINGS BEACH SCHOOL

Kindergarten & 1st Garde: This week ke practiced for a program which we gave for our parents last Thursday night at the PTA. As a gorup we sang "The Merry Go Round" and "Gobble Gobble." Wayne Mandeville announced the numbers. Marlea Darney sang "Come With Me to the Candy Shop," Ronnie Baker sang "My Little Pony," Phil Thompson sang "Jingle Jingle Johnny" and Dixie Lee Reese sang "I Had a Little Nut Tree."

Mrs. Carl Brooks came to observe our 1st grade reading program Wednesday morning. Her son, Carl, is about half through the "Bill and Susan" reader.

Tuesday, Mrs. Eldon Grout and pre-schooler Michael came to visit. Marsha Grout is in the 1st grade.

At our PTA program, our room mother, Mrs. Bill Althof announced that wee need a rack on which to hang our painting smocks. E. E. Thompson Jr. said he would make one for us. This morning when Phil Thompson came to school he was carrying with him a very substantial smock rack with 12 hooks on either side. It was just exactly what we needed and we thank Mr. Thompson for furnishing the material and for making it.

2nd & 3rd Grades: For our class' part of the entertainment for last Thursday night's PTA meeting, we put on a radio program. Kingsley McPherson and Gary Wing built our microphone. Our radio station was station KBS. Barbara Croxen recited Humpty Dumpty. Karen Critchley sang Oh Camels and Bears. Brad Thompson recited Pussy Passed By. Pat Davus sang Home on the Range. Donnie Decker sang It's Raining. Raymond Hill recited My Little Nut Tree. Lynn Chatwin sang Rumplestiltskin. Cathy Arnold recited Jack Be Nimble. Larry Mandeville sang Little Tommy Tucker. Gary Wing sang I'm A Wandering Cowboy. Kris Felte recited The Pilgrims. Virginia Baker sang Teensie Weensie Spider. King McPherson recited Jack and Jill. Margy Mandeville sang Lazy Mary. Judy Draney sang Oh Suzanna. Linda Critchley recited A Turkey Ran Away. John Malley sang The Muffin Man.

Our class had the most parents present at the PTA meeting, so we won $1.90. Now we have $2.70 in our class treasury. At the end of the school year we will decide how to spend it.

Tuesday morning we saw a film on how to take care of our pets. It was interesting. We will take better care of our pets from now on.

Raymond Hill from Tahoe City is the new boy in the 2nd grade. We are glad to have Raymond with us while his father and mother are in Richmond selling Christmas trees.

Suzie Lucas brought her set of records about Aladdin and his Magic Lamp. We listened to the story and music during our music period Thursday.

During our art period last week, we made mobiles for our classroom. We used the theme "Snow." Many different items were cut out of white paper—snowflakes, trees, snow boots, sleds, skis, mittens, gloves and ski caps. Next week we will string our cut-outs and hang them by the open windows, where they will move with the breeze.

4th, 5th & 6th Grades: Poems, stories and songs about Thanksgiving were presented by the 4th, 5th and 6th grade pupils at the PTA meeting last Thursday. Original poems were by Gwen Mizner, Michelle Grout, Lorraine Gill and Paul Mason. Dennis Thompkins was unable to attend the program to present his poem. Stories were by Frances Howard and Carol Bailey. We concluded the program by singing two Thanksgiving songs by the class.

The class has finished the reports about the Louisiana Purchase. Many interesting things were learned about how we came to acquire this territory and about the states as they are today.

Our parent-teacher conferences that were scheduled have been completed this week. Parents have cooperated wonderfully in attending these conferences. Many things are learned about the children by both parents and teachers.

Wednesday we had two movies for social studies. One film was about the Louisiana Purchase and the other about the westward movement of our population. On Thursday we had a short film strip about the buffalo and what happened to the large herds that roamed the plains.

TAHOE LAKE SCHOOL

Kindergarten & 1st Grade: The kindergarten and 1st grade currently are working on the fine art of telling time.

The 1st grade has been nailing up the outside of their playhouse. They are almost ready to start sealing the inside.

2nd, 3rd & 4th Grades: Thanksgiving is coming and time for turkeys. We made some out of construction paper. The head, wings and legs were put together with brads and were movable. Several children made the tail feathers of various colored papers and they were very colorful.

The 4th graders are reading new books, "Just Imagine." These have many timely stories of great interest to the children. For example, the first story is entitled "TV and the Goat."

Kim Turner is having a birthday party at school. She is seven years old. The children will play games and have refreshments. Happy birthday, Kim.

4th, 5th & 6th Grades: We had our pictures taken recently by Mr. Benning, Kings Beach photographer. We received the proofs and many of us ordered copies of the pictures because we will be able to enjoy them in the future as well as now.

We took reading tests last week as wel las arithmetic tests. Those who have perfect papers in arithmetic problem solving and fundamentals include Sherry Briner, Roberta Buford, Jeff Davis, Judy Fanger, Parky Bechdolt, Vic Sartor and Trent Giannini.

The 5th and 6th graders who are in the advanced reading group like their new reader "Doorways to Discovery" very much. This is a 7th grade reader and all the children in it tested on the 7th or 8th grade (or higher) reading levels.

Our room is tentatively planning a party for the evening of December 4. Arrangements are in the hands of class committees.

TRUCKEE ELEMENTARY

Kindergarten: The class culminated this week with a study of safety rules by participating in Friday's assembly. We sang three safety songs.

We welcomed Courtney Lewis back to our class this week on his return from a trip.

1st Grade: E

1st Grade: The 1st grade enjoyed the assembly program **Friday.** Each room presented a part of the program.

We have a new boy, Gordon Peterson, who comes here from Reno. We are very happy to have him in our room.

2nd Grade: We constructed Pilgrim boys and girls for Thanksgiving. We drew faces on eggs and put caps and capes on them.

We sang a song, "Safety First," on the Safety Week program last Friday.

We learned two new folk dances this week, "Charlie Over the Water" and "Oats, Peas, Beans."

3rd Grade: Gene McGihon gave a most interesting report on his trip to Oregon last week.

We are happy to welcome Sandra Wardman back after several days absence with the flu.

Those on the sick list this week are Linda Hiezer, Linda Elf, Darby DeLisle and Garry Brines.

The 3rd grade gave a skit entitled "Safety with Construction Tools." At the assembly those taking part were Freddie Steele, Robert Stone, Gene McGihon, George Hendrix, Jerry Kirby, Joe Parkhurst, Ellen Patnoude, Susan Winston and Virginia Barnes.

4th Grade: by April Lander and Mike Spoon: We went to Donner State Park last Thursday. Mr. D. Knoefler took us on the trip. The Donner Party was there in 1846—107 years ago.

Norma Nauss has moved to Gila Bend, Arizona. She will write to us.

We are enjoying our work with California maps.

For Thanksgiving we have made turkeys from apples and colored paper. They make interesting and colorful table decorations.

5th Grade by Lily Cushing and Timmie Risden: The 5th grade will have a contest in spelling starting this week. They are planning to have it with the 6th grade. The losing grade has to treat the other class to a dance.

Our school held an assembly on November 20 so that each room could show the others what they had been studying during Safety Week. The 5th grade presented four skits about safety in the home.

6th Grade by Arlene Copeland: The 6th grade got their new desks November 17. Some of the 5th graders got ou rold desks.

The boys and girls wrote compositions on safety. The composition by Lydia Craig was judged best in the class and will be reprinted in next week's Sierra Sun.

DONNER TRAIL

We would like to take this opportunity to thank the Rainbow Tavern for the fine set of dishes they gave the school. We all appreciate it.

The upper group in our school is now making a language arts booklet. We are utilizing the dictionary and the language arts book. Accuracy and neatness are being stressed.

The younger group is completing work on their model house. Ideas are coming thick and fast for new things to add to the building. The painting will begin soon.

REVIVAL SERVICE ENDS AT CHURCH

Eight days of inspirational services were climaxed Sunday evening at the Truckee Community Methodist Church, with Mrs. Fosten Wilson singing "The Penitent," accompanied by Mrs. Don Rich. Rev. Sidney Winston preached on the theme, "The Testimony of Jesus."

Other themes for the week were The Second Coming of Christ, The Day of the Lord, Jesus Christ the Yesterday, Today and Forever, Come Before Christmas and What it Means to Believe in Christ. The special musical numbers by Mr. and Mrs. Gerald Waters, the McLanes of Lake Tahoe, Eugene Risden, the MYF Quartet composed of Merrill and Irene Englehart, JoAnn and Janet Allen, and the pastor were well received.

Next Sunday, Risden will preach at the 11 a.m. service. Saturday night movies, church school and MYF will be at their regular hours.

BABY BORN

Mr. and Mrs. Wesley Craig of Floriston became the parents of a daughter at Reno on November 6.

FOR RENT— Furnished apartment. Inquire Riverside Hotel. Phone 118.

TOM E. PINCKNEY DIES AT CAPITAL

Services were held Tuesday for Thomas E. Pinckney, 77, retired Southern Pacific ompany foreman of the Truckee roundhouse and for many years a local resident.

The rites took place in Sacramento. Burial was in the Spanish American War Veterans plot in the Sylvan cemetery.

Pinckney, a native of South Carolina, died Sunday. He lived in Sacramento ten years and prior to that 20 years in Truckee.

His wife, Alice, died a year ago. Pinckney's health had been failing since that time.

Surviving are his daughter, Mrs. Lyle Smith, Reno; a stepson, Jack Joell, Oakland, and a sister, Mrs. Cecile Northrup, Washington, D.C.

LEAVE NORDEN

The L. C. Nauss family, well known at Truckee and Norden, are packing their household effects this week, planning to live at Gila, Arizona, where he has been transferred by the Southern Pacific Company.

In Placerville—

Mrs. Elizabeth Farrell is a Thanksgiving Day guest of her three daughters at Placerville.

FORMER HOBART RESIDENT PASSES

Max Allen Beck died at his Reno home early Sunday morning. He had lived in the Washoe County seat for the past 15 years, moving there from Hobart Mills and Truckee, where he had previously resided and where he had many old friends.

A native of Germany, Beck was born March 27, 1888, and came to the United States 49 years ago. He was a painter by trade.

He is survived by his widow, Mrs. Annette Beck, Reno; two stepdaughters, Mrs. Newell Hancock of Reno and Mrs. Burley Dooley of Shafter, and four grandchildren.

Beck was a member of Summit Lodge No. 54, Knights of Pythias, at Truckee and funeral services were held Tuesday afternoon in Reno under the auspices of the Reno K.P. lodge. Burial followed in the Arlington plot of Mountain View cemetery.

HOSPITAL PLACE CARDS PROCESSED

Girl Scout Troop No. 1 and local Brownies are making 1,000 place cards and table decorations to be used at Christmas for DeWitt Hospital at Auburn under the Wyethia Club art program.

They are collecting jewelry, ribbon, yarn and other trinkets to be used in mental therapy at the hospital.

MRS. PEDLEY IS ON CHRISTMAS GROUP

Mrs. Fred Pedley, who was installed as president of the Wyethia Club at a dinner at Donner Lake Lodge Friday evening, was appointed to be the club's representative at the proposed community Christmas party. Mrs. Rex Thomas was appointed as Red Cross disaster chairman for Truckee.

UNEMPLOYED TO TRAVEL TO LAKE FOR THEIR PAY

Unemployment insurance claimants who live at Truckee and Tahoe wil be paid at Lake Tahoe for the balance of the winter, it was announced by Raulin J. Silveira, manager of the Auburn office of the California department of employment.

According to Silveira, actual claims taking will be done by the Carson City, Nev., office through special arrangement with the state of California, in monthly visits to the lake.

All Lake Tahoe residents in Placer County and those living in Truckee area of Nevada County will report to Sierra Lodge between 2 and 4 p.m. December 9, according to Silveira, while El Dorado County residents of the lake will report to the Nevada Club at Stateline, Nevada, between 2 and 4 p.m. that date.

New claims may be filed in person at the Nevada Employment Security Department, 103 West Second Street, Carson City, Nevada, Mondays through Fridays or by mail to P. O. Box 418, Carson City, Nevada, at any time.

Claimants who already have their claims on file in the Auburn office should contact the Carson City office by mail, explaining they wish to have their claims handled by that office for the winter period.

Silveira stated that this is only a temporary procedure set up because of the difficulties of traveling from over the Donner Summit to Auburn and Placerville during the winter and will be discontinued after May 26, 1954.

The Carson City office will make trips to the lake on the following dates: December 9, January 6, February 3, March 3, March 31, April 28 and May 26.

ABERDEEN ANGUS

The first Aberdeen Angus cattle in the United States were imported in 1873.

TUNA RECORD

The 1952 American tuna canning industry produced a record high of 9,239,275 cases.

OFFICIAL VISITS SUMMIT TEMPLE

Mrs. Edith Welch, who made her official visit to Summit Temple 79, Pythian Sisters on Monday evening as district deputy grand chief, was presented with a gift by Pearl Heller, assisted by the degree staff. Beverly Wilson was heard in a solo.

Mrs. Heller was in turn surprised by being given a 40 years certificate and jewel for continuous membership and service in the Pythian order. MEC Edith Pfaendler presented the token of esteem..

Refreshments were served from an attractively appointed table, following the double ceremony in Odd Felows Hall.

AChristmas party will be held at the December 10 meeting of the group with Edith Welch, Hazel Ellis, Honore Hedlund, and Wilma Johnson as the committee in charge.

SUNSHINE GIRLS HOLD LOCAL MEET

Donner Council No. 13, Pythian Sunshine Girls, met November 18, with Nancy Marquis, royal princess, presiding. The newly elected officers were present at the meeting which named Sharon Pace, junior past royal princess, to represent the council at the Chamber of Commerce meeting on November 24.

The group will meet in the Odd Fellows Hall December 2.

A GIFT FORMULA FOR YOUR COMPLETE WORKSHOP

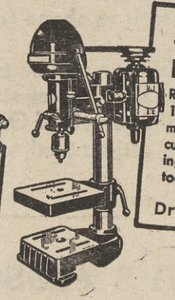
Get it or give it ...
the DELTA SHOP
One Tool at a Time

Ideal gift for any man, this remarkable one-motor "do it yourself" workshop means a whole lifetime of pleasure and savings. It's unique, too, because the Deltashop can be acquired one tool at a time: four basic tools, all genuine Delta Homecraft Tools, to assemble in a one-motor unit that does 95% of home improvement and maintenance jobs, yet takes up only a 3-foot square. Start with the versatile tilting arbor circular saw, motor and stand today —then add other tools later.

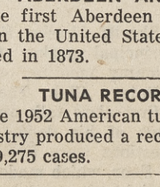
See this amazing tool demonstrated; and ask about our Easy-Pay Plan.

1. Start with the SAW
Big 8" Circular saw with tilting blade. Cross-cuts, rips, bevels, miters, does every sawing job.
Saw and Motor $130.20

2...add the JOINTER
A "natural" second tool; makes a true "finish" edge in one quick pass; planes boards up to 4" width.
Jointer $50.95



3...add the DRILL PRESS
Regular Homecraft 11" model—drills, mortises, routs, carves, cuts shapes and mouldings; accurate, versatile tool of countless uses.
Drill Press $60.50



4...add the SANDER
Puts a satin-smooth finish on curved or flat surfaces; also does grinding, buffing, polishing
Sander $18.35

Tarzan

by EDGAR RICE BURROUGHS®

IN A PAROXYSM OF FURY, THE MASKED MAN FLOGGED TARZAN FOR THWARTING HIS PLANS.

THE APE-MAN REACTED QUICKLY; HIS HANDS CLUTCHED THE STINGING THONG AND HE YANKED THE WHIP FROM HIS ENEMY!

THE SYMBOL OF FEAR WAS REMOVED FOR THE CATS AND IN AN INSTANT THEY VENGEFULLY ATTACKED THEIR FORMER MASTER!

IN A FEW RENDING MOMENTS THE DAMAGE WAS DONE. THE SNARLING CARNIVORES EYED TARZAN, BUT HAVING NO REAL MALICE FOR HIM, THEY DEPARTED.

THE MASKED MAN WHISPERED FAINTLY, SANE NOW, AS LIFE EBBED AWAY. "MARTIN DALE WAS I— FAMOUS ANIMAL TRAINER — BUT A CIRCUS FIRE CHARRED MY FUTURE——"

"——I RETREATED TO AFRICA— USED ANIMALS FOR PLUNDER— WANTED MONEY FOR PLASTIC SURGERY—" CURIOUS, TARZAN REMOVED THE MASK— AND SHUDDERED AT THE CHARRED MASS THAT WAS ONCE A FACE.

THE APE-MAN INSPECTED DALE'S BOOTY AND KNEW THE SLAUGHTER IT REPRESENTED; YET HE STILL FELT PITY FOR THE ONCE-TERRIBLE "DEVIL-MAN"...
